DECLARATION OF INVENTOR

I, Jean C. Raymond, state the following:

- 1) I am familiar with the subject matter contained in the above-identified patent and am qualified to make the following statements in this matter.
- 2) This patent is the result of the collaborative inventive efforts of three people.
- 3) I am a joint inventor in this matter as well as Jos Timmermans and John Ivey, and John Ivey was inadvertently omitted as a joint inventor. I agree to a change in inventorship of the patent to include John Ivey as an inventor.

I further state that all statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true and that all statements were made with the knowledge that willful, false statements or the like so made are punishable by fine, imprisonment, or both under Section 1001 of the United States Code and that such false statements may jeopardize the validity of the patent.
